

# 2024 SHOWERS CATALOGUE

A modern glass bathroom pavilion with a toilet and bathtub, set in a lush garden with a pond. The pavilion has a dark metal frame and a flat roof. Inside, a person is walking between a white toilet and a white bathtub. The background shows a green lawn, trees, and a pond with lily pads.

# TOTO

Life Anew

To create a culture of comfortable healthy living.

Since our founding, we have continuously pursued innovations that offer greater wellness and comfort to daily life.

Honoring the trust that our customers and society place in us, TOTO remains dedicated to delivering products that offer inclusive functionality and respect for the environment.

We embrace these values every day to create a future that surpasses all expectations.

## A VARIETY OF COLORS & FINISHES

Many colors and finishes to brighten up carefully designed spaces.

The colour which is finished due to PVD manufactured method added by layer on the surface, has both beauty and strength and it adds rich colour to the bathroom space.

## Black gorgeousness

A touch of sharpness is added to the interior, in a greyish tone with wooden accents, by the black faucets and curves of the toilet. The overall color coordination testifies to the high sense of aesthetics.

 **COMFORT WAVE**

- Large droplets of water
- Richly dense
- Pleasing to the scalp
- Luxurious sense of comfort

That Quality: Only TOTO

The image illustrates water penetration. While the fine drops of the conventional shower bounce off the hair, the larger drops of the COMFORT WAVE reach all the way to the scalp.

# Revitalizing

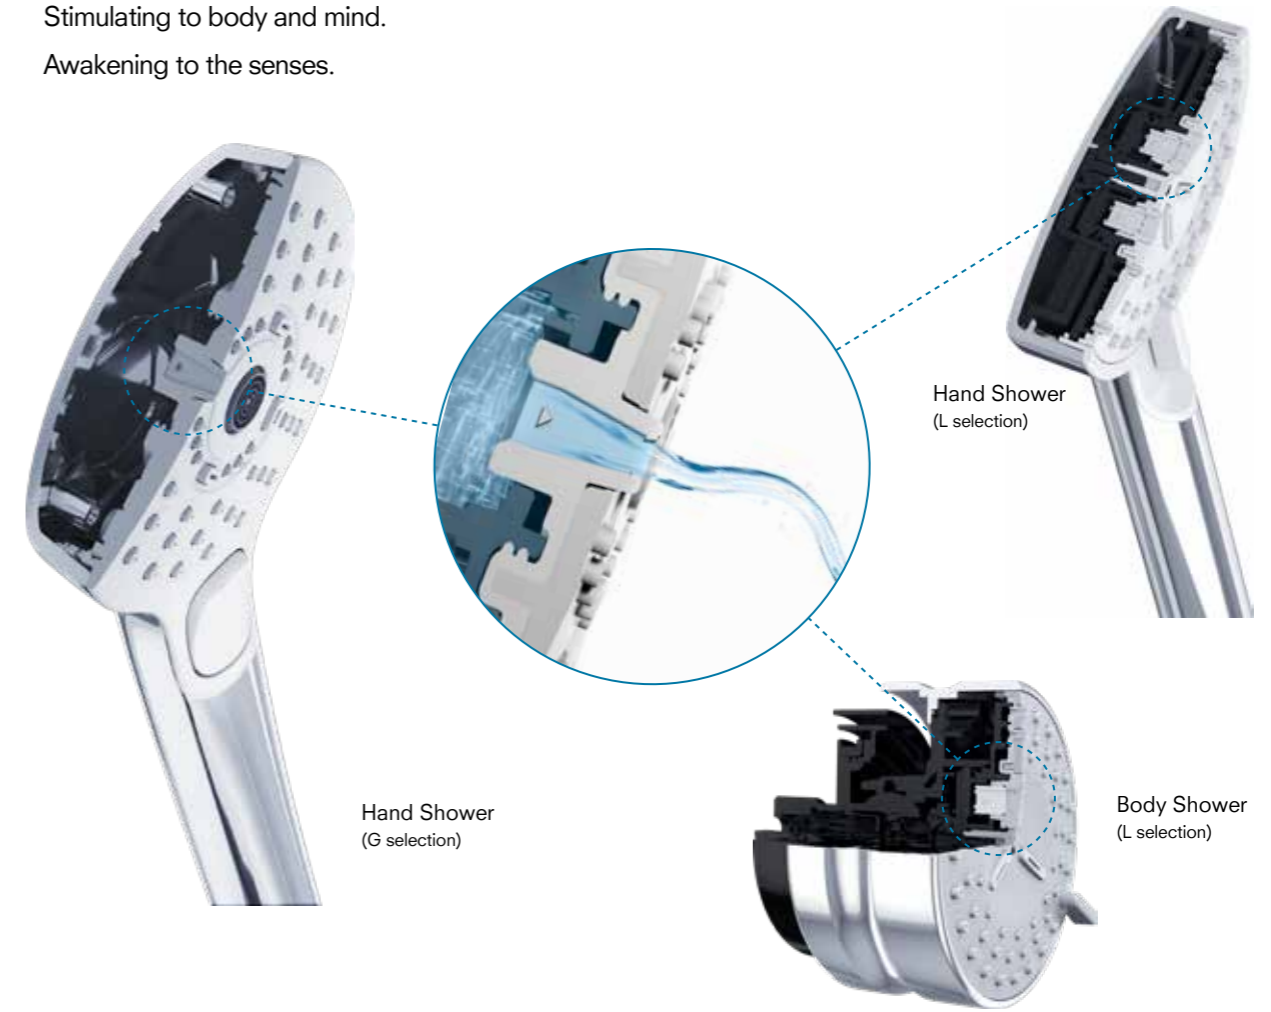

Like a deep-tissue massage

Working on your tired muscles  
and reconditioning your body

Revitalizing your energy  
for your next challeng

# Revitalizing

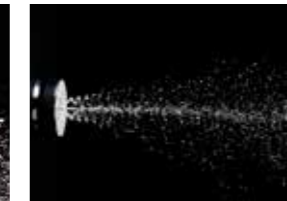

Stimulating to body and mind.  
Awakening to the senses.

ACTIVE WAVE

INTENSE WAVE

INTENSE WAVE +

That Quality: Only TOTO

The image illustrates the comparison of the force of water.  
We examined the power of water flow against a transparent pool.

## Safety for the entire family

When our children start bathing on their own, we cannot help but worry. Will the water suddenly become too hot? Or might they burn themselves on hot fixtures? TOTO's safety features alleviate any such concerns.

## SAFETY THERMO

Prevents rapid rises in temperature for a safer bath time.

A coil made of Shape-Memory Alloy (SMA Coil) reacts instantly to water temperature change, keeping the temperature from rising.

By comparison with the SINGLE product, SAFETY THERMO produces a smaller range of temperature fluctuation during bathing, even when the water pressure drops due to a toilet flushing.

## HEAT PROTECT

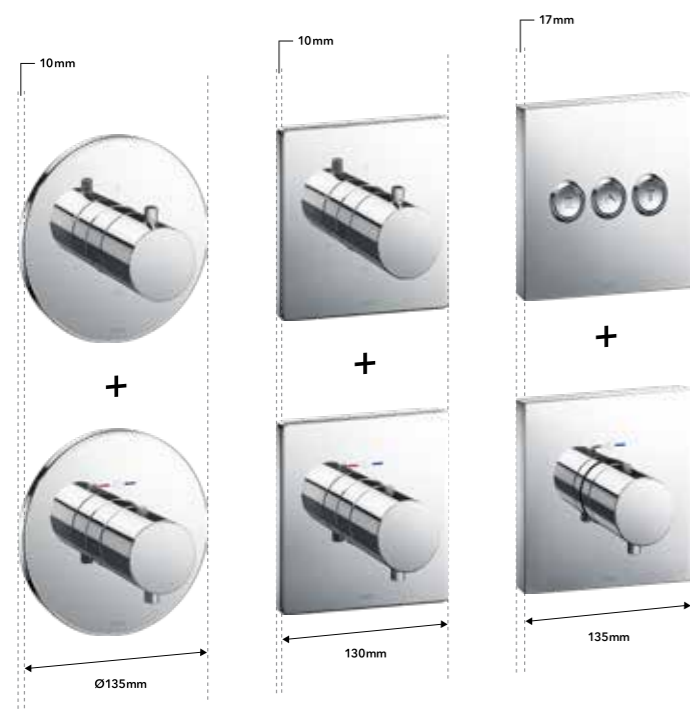

Prevents getting too hot and is beautifully shaped for a more pleasant daily bath time.

By covering the path of the hot water with a layer of cold, HEAT PROTECT is able to prevent burns when accidentally touching the fixtures.

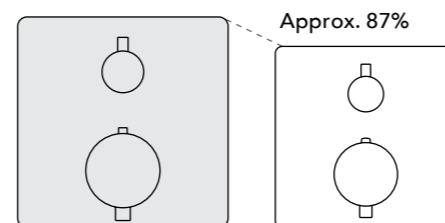

## Easy installation in any bathroom

One of the most compact, miniaturized units in the industry supports the advance features of this shower. This allows easy bathroom upgrades without over-burdening current bathroom structures.

### Industry-leading miniaturization. Beauty in balance.

We shrunk the unit to one of the industry's smallest. The trims are also some of the most compact. In addition, our progress towards uniform sizes mean units can be used simultaneously to create a beautiful space. We also strived to make the trim as thin as possible. A bathroom of unity and style can be yours.

## MINI UNIT

A compact unit offering freedom of choice for more beautiful bathrooms.

Concealed faucets liven up the bathroom. TOTO's MINI UNIT is a technology that gives you more freedom. We don't match the concealed system to each trim, instead we use a shared module. You can choose the functionality you need such as a single lever type, thermostat type or touch button type, and also make choices based on design features such as round or square fixtures

## MINI UNIT

TBN01001B

### Easier to install. Less load on the frame.

A high degree of flexibility when installing the MINI UNIT is one of its most attractive features. We were able to achieve one of the industry's smallest and lightest bodies for the concealed system. It puts only a minimal load on the architectural frames and has improved manageability during installation. In order to conceal the unit, the wall only needs to be 97mm, and the system is able to absorb installation error of ±13mm.

## Intuitive operations make it easy to get the showering experience you want

The handheld shower is equipped with a lever that is easily operated with your thumb while you hold it. Moving this lever left of right changes the water discharge mode. The body shower provides two water discharge modes. It has a form that allows a comfortable grip, with water delivery switched by rotating the main body left or right.

## A Global Support System You Can Count On

TOTO provides comprehensive customer support through our dedicated global support team who draw on their deep knowledge of our broad global product line-up to provide assistance at all stages of a project. For example, they can assist you by explaining TOTO products' features and benefits or suggesting product options during planning or helping make initial selections at a construction site.

At any stages of your projects' development, you will have the advantage of TOTO's global customer support network.
